Dear Mr. Martin :

While we are completing work on our illustrated catalog of all SCCS covers for all missions of Challenger, we felt that you would be interested in the enclosed listing of covers for missions STS-1 through STS-4. And to help add any of the ones you might want to your collection, we offer the following discounts: 30% off the listed prices of any of the covers on the 8-page list. If you would like to order all of the ones on the listing we would offer a 50% discount from the total price. And it could be split into payments that would fit in with your hobby budget. Just let us know.

Mrs. Jane Miller
