P.O. Box 36192

HOUSTON, TEXAS 77236-0192

Dear Hans:

Been going through the cartons and here is what I could find for you.

(a) ASTP with emblem sou sheet. Could not locate. All of the ones I have contain the linked spacecraft. If I find one it will be your's. In the meantime here is what I am sending in it's place. Our printer (long ago) of the local post sheets put six uncut sheets in a package to us. The six sheets were uncut and each contained one each of the two sou sheets for ASTP. One of the six sheets (uncut) was given by me to Deke Slaton years ago. He was a "fishing buddy" with the man that managed the photo lab at JSC. You now have the second uncut sheet of six. I am sending this with my thanks for your understanding of all of the mix-up on my part.

Pardon the typing. It has been a long week.

Best regards,

Harry
