

Through a lot of hard work, heartaches and ulcer-growing, the Space City Cover Society can offer the space collector the most representative coverage of the trip of the Columbia. It was co-ordinated between the SCCS president and Stan Henderson in California. And we had a representative on hand in San Antonio at Kelly Field to secure our covers with the Kelly Field Post Office cancel. No other large cover servicer or dealer was represented there. Word given to us is that only the covers of Stan Henderson and the SCCS, plus a few done by our Kelly Field contact were done. A few individuals cancelled covers as they were spectators while the Orbiter was on view at Kelly. In addition, those covers done by the SCCS and Stan Henderson are the only ones done for the mission abort on March 9. Some of the ones listed below are in very short supply and priority will be given to those that order all of the covers. We are not trying to twist any arms but it is the only fair way we know of doing it.

Information as to the abort covers and the interesting detailed story that goes with them will be sent to all that order from this list. For details on each of the covers listed below, please see the enclosed issue of our SPACE LOG, Volume 8, Number 1.

 TO: SPACE CITY COVER SOCIETY, P. O. Box 53545, Houston, Texas 77052

Please send me the following covers pertaining to the Orbiter Columbia:

| | | |
|-------|--|----------|
| _____ | Final Checkout at Rockwell (Feb 23) @ \$1.25 | \$ _____ |
