**(Auction #85) January 28-30, 2011 ORCOEXPO (ANA)**

**Lot #588: 1969-81 NASA LOCAL POST COVER HOARD**

Over 700 local post covers representing at least 68 different locals. Overwhelming majority is cacheted, bear locals tied to cover and virtually all have additional USA postage. Locals include those that celebrate Astronauts and their missions. We have never seen a grouping of NASA local covers of this size or scope. Quantities vary but there is nothing really excessive. Mainly very fine.

Final Bid:            \$850  
Estimate:            \$700 - \$900
