Dear Roland:

I am so glad you wrote, for several reasons. First off, about two months ago I found a number of your order forms and undeposited checks to SCCS made out in the mid-eighties.

The only address I had for you was the one on your order forms in: Brooklyn NY 11219. But I did not hear from you and did not know this was no longer your address. (Please see the attached letter to see what happened to SCCS)

Please bear with me because I am going to get this years-old mess cleared up to your complete satisfaction.

By the way, your envelope postmarked Jun 2, 2003 had an American Legion sticker plus one of VFW with the Korea War Service ribbon. Were you in the service at that time? I was a M/SGT with U. S. Army 1952-60.

If you have a question, at any time, on any of this "mess" please feel free to call me at home phone listed above. I am really a night person. My wife is a day person. She says that is why we get along so well!

Best regards,

Harry

Please see attached letter as it gives details of what happened to SCCS

P.S. Enclosed are nine packages, each contains an original order form and check from you. The checks were never deposited by SCCS back then. Why I don't know. I had the covers you ordered on 8 of them and these covers are enclosed in individual packs in this mailing.

Please accept them from me at no charge to you. Waiting nearly ten years is bad enough.

Please give me about 5 or 6 days to go through the rest of you "found files of orders" that were never filled. I will do my best to clear up this for you but it is a "complicated mess."

ANOTHER P.S.

*WILL PUT A RECENT MAILING
OF SPACE COVERS (THAT YOU ASKED
ABOUT FROM THE AD) IN THE
MAIL TO YOU.*
