

APOLLO 13 SOUVENIR SHEETS

Many of the newspaper stories that told about the Space City Cover Society series of covers for Apollo 13 did not mention our NASA Local Post Commemorative stamps that are issued in souvenir sheets of ten. The set consists of two sheets, ten stamps each, perforated, printed bicolor, with marginal inscriptions. One sheet shows the Command Module and the other sheet shows the Lunar Module.

We wanted to pass this information along to you so that any of you that are interested in having the complete set could order them. Please use this order blank and we will send them to you by return mail.
