

SPACE CITY COVER SOCIETY

P. O. BOX 53545

HOUSTON, TEXAS 77052

April 19, 1978

Dear Mr. Garner:

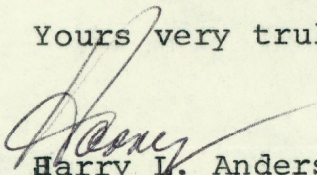

Enclosed is a slip showing a problem we ran into. Believe that it is all fixed up now, though. Also enclosed are the items you ordered on your check #704 and we will go ahead and deposit that check. On the other enclosed sheet you will find an extended discount date on any other items you might wish from the NASA Local Post catalog.

You sent in your four notification envelopes and in one of them, today, by separate mail, we are sending the most recent issue of The Space Log and a new order blank on items we are processing now.

Also, you asked for a sample impression of the three different cancels we have used and they are in with this letter.

Thank you so much for understanding the problem we ran into and we should have all up to date now.

Yours very truly,

Harry L. Anderson
President SCCS
