

Listed below are some of the LIMITED number of covers still available from Space City Cover Society. All covers have a U. S. stamp and Houston, Texas cancel, PLUS a special NASA Local Post stamp and a colorful NASA Local Post Cancel, issued by the Society (except the First Day Cover of the 10c Moon Landing stamp...this was cancelled at Washington, D. C. and does not have the Local). We might add that all of these covers except the 10c Moon Landing were originally available from us for only 50c each.

- \_\_\_\_\_ Apollo 8 First Day Cover (May 5, 1969) Blue cachet showing Anders, Borman and Lovell. . . . . \$1.00 ea \$ \_\_\_\_\_

APOLLO 8 FIRST DAY PROGRAM

Through the efforts of the Space City Cover Society, the first day of this outstanding U. S. Commemorative was held in Houston. We still have a very small supply of the Official Programs, serviced with the Apollo 8 commemorative and cancelled with the May 5, 1969 First Day of Issue Hand Cancel. First Day Programs are really hard to come by and this one will be especially so since it is a space item. While the supply lasts we offer these at . . . . . \$3.00 ea \_\_\_\_\_

APOLLO STERLING SILVER MEDALS

By special arrangements with an European firm, noted for its craftsmanship, we have had medals struck for the honoring of both the Apollo 11 and Apollo 12 flights. Both are 15 grams of silver in weight, 33 mm. in diameter with the Apollo 11 medal made from .900 silver and the Apollo 12 medal from .999 silver. The obverse of these medals feature finely designed profiles of the crew members and the reverse shows a Moon Landing scene. Both sides have appropriate wording and the Apollo 12 medals are serially numbered. These originally sold by us for \$9.80 and many members reordered, some more than once. "Seeing is believing" truly sums these gems up! Other firms offering similar medals are now selling them up to \$20.00 each. For a limited time and especially for those that did not have a chance to order these before, we offer them at \$11.80 each, postpaid.

APOLLO 11 MOON LANDING PLAQUE.....Made from .999 silver this replica of the plaque that was left on the Moon by Apollo 11 will enhance any space collection. In fact it is almost a must! Beautifully crafted, it shows the wording and autographs of the Apollo 11 crew plus that of President Nixon. It is 1 1/2" x 1 7/8" in size, 26 grams in weight and is numbered on the back. These were originally offered from us just two months ago at \$12.80 and for those ordering from this sheet we will allow this price to stand for a short period of time. Get yours now and don't be caught saying "Wish I had one of those".

ASTRONAUT CREW PATCHES

Those of you who ordered the patches earlier through our notices will attest to how nice they look mounted along with the appropriate covers and sheets and we now group them all together for handy reference. These are multi-colored, embroidered on cloth and are about 3" in diameter. Price is \$1.25 each. (Check off each space with the quantity wanted):

_____ Apollo 13	_____ Apollo 10	_____ Apollo 7
_____ Apollo 12	_____ Apollo 9	_____ Apollo 1
_____ Apollo 11	_____ Apollo 8	_____ Gemini 3
